Call for Special Sessions ERSA 2018

The Local Organizing Committee of the 58th ERSA Congress in Cork, Ireland (August 28th – August 31st 2018) invite you to propose a Special Session to be included in the programme of next year's conference. Please, send in your proposal before December 8th 2017.

We ask you to take note of the procedure and guidelines regarding Special Sessions at ERSA 2018:

What do we offer?

Special Sessions are a label of quality in the ERSA congress and we accommodate for this in several ways:

- We aim to allow 30 minutes for each presentation slot in a Special Session
- Each presentation in a Special Session will be assigned a discussant

What do we ask?

- Each Special Session has a minimum of 4 registered presenters
- Presenters apply for a special session on the basis of a draft Paper or an extended abstract (deadline February 28th 2018)
- Presentations are based on a draft paper that has been uploaded on the ERSA 2018 submission website before June 9th 2018

If a Special Session does not meet the conditions, it will still be included in the programme, labelled as an O-session.

Submitting a Proposal for a Special Session

You can submit your Special Session Proposal in this [online form](#).

Note, that in addition to contact information of the primary convenor, names of any co-convenors, the title, and description of the Special Session, we also ask you to list three interested presenters in your submission form.

We look forward to receiving your proposals for Special Sessions. Should you have any questions, please contact the Local Organizing Committee at D.Jordan@ucc.ie
