**Places for People: Innovative,
Inclusive and Liveable Regions**

**August 28-31, 2018
Cork, Ireland**

JUNE 9!

Benefit from Early bird fee!

We invite you to be part of the largest platform of regional scientists coming from over the world!

Over 800 participants are expected to come to Cork. There is simply no better place to present your research results, network and/or exchange, find out about new developments in the field, and just to meet colleagues and friends.

Save the date: Full draft programme will be issued by mid-June.

Best fees until June 9!

ERSA-REGIO - Eveline van Leeuwen Lecture

Registration is OPEN!

On June 11 at DG REGIO premises in Brussels, **Eveline van Leeuwen**, (Professor in Urban Economics, Wageningen University, The Netherlands) will give a lecture on **The importance of urban-rural interactions for post-2020 cohesion policy**

Eveline van Leeuwen will show in her lecture that urban-rural interactions do not result in one-sided, but increasingly in two-sided benefits. And in the light of the challenges for post-2020 cohesion policy, such as the energy transition and the circular economy, the need for urban and rural areas to join forces on an equal base will become even more essential ...[more](#)

Discussant: **Frédéric Wallet**, Inra – University of Paris Saclay, France

2018 Best Dissertation in Regional Science

Applications are open!

The Regional Science Association International (RSAI) invites submissions for the annual competition for the Best Doctoral Dissertation in Regional Science. Regional science is an interdisciplinary field concerned with theory, method, and application of regional, urban and rural, geographic and spatial investigations and analyses.

Applications deadline: **July 31, 2018** [more](#)

Journals news

REGION is now on Twitter

Follow our handle [@REGION_ERSA](#) to get updates on the latest articles and share your thoughts and insights.

The journal is open access and free for all, so your publication will be available to all. We also welcome submissions of individual papers and special issues, so

do be in touch if you have any plans that would fit REGION. [more](#)

Special Issue of The Review of Regional Studies on "Water and Regional Science"

The Review of Regional Studies is the home journal of the Southern Regional Science Association within the North American Regional Science Council.

The Call for submissions seeks to attract both applied and theoretical works related to water across the broad spectrum of regional science topics.

Extended submission deadline: **June 15, 2018.**
