

The issue contains:

- 60th ERSA Congress - 1st announcement
- 3rd ERSA Winter School: Call for Application reminder
- Upcoming Virtual Section Events
- Recently published by our members and new video on YouTube

Dear Members, Dear Colleagues,

I hope you are all well and healthy.

Unfortunately the pandemic is still accelerating in Europe and the world. Most of us are requested to work from home, limit strongly social contacts and not travel.

In this respect, our [ERSA Forum on the Impacts of Coronavirus](#) is still open to welcome your contribution to this crisis and share it to colleagues.

In these difficult times, I am pleased to see that we keep going and meet virtually to exchange our research progresses which also includes the impacts of the covid-19 at different levels.

ERSA Office is working hard to maintain a high level scientific life and we are very pleased to announce that the next ERSA Winter School will be held virtually in January in collaboration with the Joint Research Centre of the European Commission. If you are a young researcher please do not hesitate to apply!

Regarding our Annual Congress, we are making today our first announcement and we hope we will be able to meet in person next August in Bolzano. Fingers crossed.

Keep safe and healthy.

André Torre  
ERSA President
