Dear Members of ERSA, dear Colleagues,

I hope that you are well.

We are already in the middle of Summer and we are now duplicating efforts to deliver the Congress program as soon as possible.

One thing is sure it will be an unprecedented online edition, including 7 Keynote speakers and 3 amazing roundtables, 9 Young Scientists Sessions together with a content-rich programme of around 200 parallel sessions and more than 700 attendant already registered.

You are not yet registered? Don't miss out on this unique opportunity to join us online and exchange with regional scientists worldwide! And to receive the private video of your presentation, that you could display wherever you want.

With best wishes

André Torre
ERSA President

Recently on ERSA Agenda

Our warmest thanks to the Groningen Local Organisers and all the Lecturers.

25 smart young researchers were selected to participate in this year's edition. Again, our summer school programme resulted in an acknowledged success!
Feedback on the participant's survey (21/25 filled in the survey)

Score (5 is the maximum)
5-day format of the programme: **4.5**
Quality of the Keynote Speeches and Academic lectures: **4.5**
Quality of the Career sessions: **4.4**
Quality of the Young Scientists Sessions: **4.4**
Quality of the feedback sessions **4.1**

Networking during on our virtual platform: **76%** could network,

**They told us....**

"A fantastic opportunity to meet other researchers outside of the bubble of your own university, and find inspiration and encouragement for your own work" *Rachael Sanderson, Newcastle University*

"ERSA Summer School was an insightful experience with high-quality lectures and feedback. The diversity of the participants and the dynamic programme further enhanced the experience. I highly recommend it to young researchers!"*
*Joao Almeida, University Of Aveiro*

"One week to learn, improve your papers and collaborate with students from all over the world!"* Participant, anonymous*

Check out the Programme!

**Two Summer School lectures are now available on ERSA YouTube Channel**

**Microgrography of Ethnic Enclaves**
*Özge Öner*, University Of Cambridge, UK

**The geography of economic growth and welfare**
*Otto Raspe*, Rabobank, The Netherlands
