Dear members, dear colleagues,

I hope that you stay well and healthy, and well installed to read our monthly E-news!

With the Office and the Board we are preparing the next events. On February 4th, we will be holding online our winter EOC meeting during which, we will discuss ERSA Activities and opportunities for future scientific developments.

In the agenda, some time will be dedicated to our #2022 Congress due to take place in Pécs, Hungary, but also designed as a mix-format event with online presentations. In this respect, do not miss the ongoing Call for Abstracts and Papers to be part of our landmark event.

I wish you a good reading.

With best wishes,

André Torre
ERSA President
