Dear members, dear colleagues,

I hope that you're all well.

What a rich-content programme for ERSA Associations in June! Schwering (D), Madeira (P), Split (HR), Rennes (F) were unique places for regional scientists in Europe. Not to mention our ERSA Annual Summer School which was held in Caen and encountered a huge success. We are very proud of this dynamism.

Now our focus is for sure on our annual congress #ERSA2022. We are preparing a very promising programme with outstanding keynote sessions, three amazing roundtables, technical excursions and currently over 620 presentations in parallel sessions. Don't be late to register!

With best wishes,

André Torre
ERSA President
